"On My Way" features lyrics from her heart and a powerful message. Her soulmate and fiancé of three days, Erick Deeby, suddenly and unexpectedly passed away in August 2007. He had written and recorded instrumental pieces of music for her between 2005 and 2007. Bonet then wrote the lyrics and melody to his music after

his devastating death and during her time of deepest grief. Whilst living in Sydney's bohemian red light district of Kings Cross, they developed the sound of their music over a couple of years. Erick had also composed and produced music for various bands and soundtracks for Marvel Comics "Man Thing" and "Feed" directed by acclaimed Hollywood director, Brett Leonard ("Lawnmower Man" by Stephen King & Denzil Washington's "Virtuosity"). Angelena promised him whilst in a coma that someday, somehow she would finish their special project and she has kept her word.

Angelena has been a Jury member for the past four years of The Australian Academy of Cinema and Television Arts Awards (AACTA) and is a judge for the 40th Anniversary 2021 Australian Directors Guild (ADG) Awards on December 3.

“

On My Way was the second song I wrote during my time of grief. With the world reopening and fear on our planet right now - in my heart I feel it's the perfect time to release my song to the ether!”
