EINPresswire.com/ -- [Blake B](#), a Dallas-based musician and CEO/Founder of [FeltGoodMusic LLC](#), has shared his entire life's most difficult phase with his fans. Blake B stated that shortly after establishing his position in the social media buzz, he lost his beloved

son and felt as if his heart had been ripped out. Blake's 2018 has been a difficult year, as he lost a close buddy and a client soon after. Many followers believe that sharing one's secret requires a great deal of courage and they love him for this.

“

I have learned to express love and spending time with loved ones is one of the best gifts you can give”

*Blake B, aka mixtapeblake*

Blake B, aka mixtapeblake, has revealed his life experience in order to inspire others and encourage them to be strong in the face of hardships. Soon afterward, everything came crumbling down, as he also lost his team. Mentioning the lowest periods of his life, including the loss of his son, closest friend, and client, he refers to it as the "Darkest chapter of his life." The intention is not just to share his

story, but also to motivate others to rise and persevere.

He was required to engage in self-therapy in order to regain his mental health. However, like any strong person, Blake saw the silver lining in the midst of the black clouds and was inspired to embark on one of his most ambitious projects to date, Music Therapy OG.

On speaking to the media, Blake said “No one can replace the loss of a child and best friend. My heart is always heavy, and I keep them in my thoughts always”.
