

# Worldwide Safety Syringes Market Products Demand is Rising for Administering Medicines

*The global safety syringes market is segmented according to products into two broad categories: Non-Retractable Safety Syringes and Retractable Safety Syringes.*

NE WIN SIVERS DRIVE, PROVINCE: - PORTLAND, UNITED STATES, November 29, 2021 /EINPresswire.com/ -- The [global safety syringes market](https://www.alliedmarketresearch.com/global-safety-syringes-market) is expected to show substantial CAGR during the forecast period. Primary reasons for this growth include increase in the incidence of needlestick injuries, government initiative to include the use of safety syringes in the legislation, growing injectables market and improved safety mechanisms for syringes. However, alternative drug delivery methods and high cost are two important factors that could

Safety syringes consist of an inbuilt safety mechanism and either a detachable or permanently attached needle. They help protect healthcare workers from accidental needlestick injuries. Several countries have introduced legislation, which ensures the compulsory use of safety syringes to decrease needle stick injuries and prevent needle re-use. Introduction of this legislation has led to safety syringes being more commonly used than conventional syringes, which in turn has led to considerable growth in the safety syringe market.

Dickinson & Company, Becton, Medical Smiths, Covidien plc, Retractable Technologies, Inc., Kendall Healthcare, Revolutions Medical Corporation, Terumo Corporation, and Unilife Corporation. Becton occupies the largest market share followed by Kendall Healthcare. Companies are concentrating on developing effective safety mechanisms which are easy to handle to meet the regulatory requirements.

- 1) The Covid-19 pandemic and followed by lockdown has affected several manufacturing industries.
- 2) The prolonged lockdown resulted in a disrupted supply chain and increased the prices of raw materials.
- 3) However, as the world has been recovering from the pandemic, the market is estimated to get back on track.
