Windsor -Detroit's Ambassador Bridge is known to be the busiest route between Canada-United States border. Especially when The four-lane bridge has been shrunk to 2 lanes having half of the bridge under construction. It's full strength Ambassador bridge carries more than 8000 commercial trucks, and about 68000 daily travelers with all types of vehicles on a typical weekday while even on weekends its mostly busy too. Even when it shows that the Ambassador bridge or the Windsor Detroit Tunnel is not busy you might get to see it otherwise with long ques and lineups on either side waiting for immigration or border services.

The Toll price has been waived on the US side for Windsor Limo, Taxi Cab and Shuttle services marking them as essential workers as drivers working during these dangerous times risking their lives only to survive. The usual charge for crossing the Windsor-Detroit Tunnel is USD\$5.00. Which we will see come back for most of the travelers including commercial public vehicles but so far Taxis Limo cos are getting a break.

While the tunnel built in 1930 for 23 million dollars makes as the world's only international underwater border crossing for automotives. Windsor limo crew has seen fast build up at the immigration gates on both sides. DTW international Airport has long lineups especially drop off for departures with customers sitting in the Limos for 15 to 20 minutes. We advise to all who are planning to cross over in a Airport Limo to leave extra time for Border crossing and Detroit Airport pick up and drop off just to avoid stress. Delays are expected during this busy time of Holliday season.

Windsor Limo team believes traveling at the border of Windsor Detroit will be busy even after the holidays due to the pending events caused by the Covid 19 Pandemic. So, Good Luck to Every One traveling, Happy Holidays and Merry Christmas.
