

# Avere Beauty Celebrating Second Anniversary in Business

*An industry leader in anti-aging treatments and beauty services in Pittsburgh has reached a new milestone.*

PITTSBURGH, PENNSYLVANIA, UNITED STATES, December 1, 2021

/EINPresswire.com/ -- Thanks to hard work, dedication, and a commitment to providing excellent customer service, representatives with [Avere Beauty](#) today announced that it is celebrating its second year in business.

"We consider it an honor and privilege to serve our customers," said Avere Beauty Business Director Frank Udavcak.

Avere Beauty's office opened at 3495 Butler Street in the spring of 2019.

In celebrating its second anniversary, the Udavcak pointed out that the company recently started offering injectable treatment for frown lines at its [Pittsburgh Med Spas](#).

In addition to offering injectable treatment for frown lines at its Pittsburgh Med Spas, the company also started offering [IPL laser treatments](#) (IPL) treatments.

IPL laser treatments can treat age and sunspots, freckles, hyperpigmentation, broken capillaries, birthmarks, port wine stains, and more.

IPL laser treatments, according to Udavcak, use a handpiece to deliver a series of gentle pulses of intense pulsed light to the skin. The IPL penetrates the dermis, which is absorbed by the pigment and vascular irregularities in the skin's deeper tissue.

The treatment may last 15 – 30 minutes, depending on the size of the area treated. The sensation is similar to a snap of a rubber band on the skin. The treatment is virtually painless for most individuals, and a topical anesthetic cream may be applied to minimize any discomfort.

Avere Beauty also uses Ultrasound Jelly to provide extra protection.

“We have accomplished a lot over the past two years, but I know that the best is yet to come,” Udavcak said.
