

Fintel Forms Partnership with Capital IQ to Gain Institutional-Grade Accounting Data

Fintel licensing accounting data from Capital IQ for 75,000 companies listed worldwide

NEW YORK, NEW YORK, UNITED STATES, December 1, 2021

/EINPresswire.com/ -- [Fintel.io](https://fintel.io), a leading global provider of advanced research tools for [data-driven investors](#), today announced a partnership with Capital IQ to increase the value of a subscription by providing financial analysis and metrics in addition to the ownership, insider, and short sale data it currently provides.

The power of this partnership enables Fintel customers to leverage Capital IQ's institutional-grade accounting data, including balance sheet, cash flow, and income statement for over 75,000 companies listed worldwide on every major stock exchange including US, Canada, UK, Hong Kong, Japan, China, Brazil and more. This new data puts the power of the Fintel platform in the hands of users who can extract valuable information to make educated financial decisions.

"Our partnership with Capital IQ enables Fintel to set a market standard to help data-driven investors make better financial decisions," said [Wilton Risenhoover](#), founder of Fintel.io. "This data powers our new advanced stock screener, the Fintel Workbench, which allows users to build complex filters using a sophisticated SQL-like query language."

Data found in the balance sheet, income statement, and cash flow statement is used to calculate important financial ratios that provide insight into the company's financial performance and potential issues that may need to be addressed. The balance sheet, income statement, and cash flow statement each offer unique details with information that is all interconnected. Together the

three statements give a comprehensive portrayal of the company's operating activities.
