

Racks and Frames Market Statistics 2021: Hyper Growth Recorded in the Future, Claims Report

Racks and frames market is segmented on the basis of rack type, frame type, & region. Based on rack type, it is classified into 36U, 42U, 45U, 48U, and others.

PORTLAND, OR, UNITED STATES,
November 30, 2021 /

EINPresswire.com/ -- High requirement for advanced data center systems, increase in technological advancements related to new product development, infrastructural upgrades

in data centers, and availability of low-cost products drive the global [racks and frames market](#). However, complexity in process automation & integration and increased inclination towards cloud are expected to impede the market growth. Increased adoption of server equipment among developing economies offers a major opportunity for market expansion.
