CoreStack is seeing increased momentum for its cloud governance solutions, as more enterprises embrace cloud as part of their digital transformation initiatives. Manish will continue this momentum by building global GTM teams, Operational rigor, and world-class sales practices to help build global presence.

Manish is an accomplished leader who brings more than 23 years of experience to CoreStack across market

development, GTM strategy, business, and technology consulting with a track record for delivering positive P&L & ARR consistently. Most recently, as the president of UiPath India & South Asia, and an early member of its global executive team, Manish led a strategic charter and was responsible for setting up Asia region and global business expansion.

“CoreStack’s unique approach to cloud-native governance has proven to be a winning proposition for leading enterprises globally,” said Manish Bharti, CRO at CoreStack. “It’s the best time to join CoreStack, and I’m truly excited to join the vibrant team. The vision of founders and Investors are phenomenal, and I feel humbled to be part of this team. I look forward to helping the company further accelerate its global sales and not just build great relationships with its customers.”

“With large customers adopting our solutions, we are seeing sustained revenue growth over the past year and are accelerating our sales and customer acquisition goals,” said Ezhilarasan Natarajan, CEO of CoreStack. “Manish is a fantastic leader to help us continue our momentum and he will be instrumental in our growth across the geographies.”
