COVID-19 Testing More Accessible with
New Concierge Services

[Devine Testing Solutions](#) offers convenient and fast COVID-19 tests

As COVID-19 variants ramp up just in time for holiday travel and parties, the need for rapid COVID-19 testing rises as well. Pierce County now has an additional, and cost-effective, solution to the rapid COVID testing with Devine Testing Solutions.

“

Being able to test a large group of people at their convenience, not mine, was a top priority when I opened this business,” Brown said.”

Adriane M. Brown

Devine Testing Solutions, owned and operated by Adriane M. Brown, RN, offers concierge, on-site rapid Antigen, Antibody, and RT-PCR COVID-19 testing.

WHY DOES THIS MATTER?

When testing is required to attend events, school, or travel, local citizens often scramble to find services that are open and have availability. Plus, with the demand being high, the cost for said tests can be high as well.

Brown sought to provide testing without price-gouging while adding the resource of coming to

you.

“Being able to test a large group of people at their convenience, not mine, was a top priority when I opened this business,” Brown said. “As a military wife and registered nurse, I know how to serve and meet needs where they are. I’m excited to [offer these testing services](#) to my neighbors in a way that is unique, safe, and easy.”
