

MOL Selects Antea Asset Integrity Software

MOL Group Oil & Gas Co. Selects Antea AIM Software with RBI/IDMS for Upstream Plant and Processing Facility

PADOVA, ITALY, December 1, 2021 /EINPresswire.com/ -- MOL Group, a multinational Oil & Gas and petrochemicals company, has selected [Antea's](#) risk based inspection (RBI) and inspection data management software (IDMS) for the asset integrity management (AIM) of an upstream plant and processing facility.

Antea was chosen due to its extensive software functionality, robust RBI and IDMS offerings, competitive price-point, value-added customer service and the professionalism of its team. Antea AIM software provides MOL with the ability to visualize asset health with

the click of a button, and to manage all maintenance, inspection, and testing activity data in one comprehensive digital database – all while improving safety, reliability, environmental responsibility of the sites and reducing cost of ownership.

“We are proud of the trust placed in us by such a global leader in petrochemicals and Oil & Gas,” said Franco Gambato, Sales Director of Antea. “We look forward to facilitating prolonged asset life, reduced risk, and greatly enhanced profitability for these MOL sites.”
