Love Labor Lost by Jason Bryant

Arttour International Magazine announced its participation at Spectrum Miami Art Fair with a display of an exclusive selection of contemporary artists from around the world and a projection of the Arttour International TV Shows and Digital Exhibition at Booth #503.

In the words of ATIM CEO, Viviana Puello "The best thing about attending art fairs is meeting artists in person and feeling their passion for art! Everyone needs an escape from their daily routines- In today's busy world, it has become increasingly difficult to slow down and take a break from your typical routine. Art plays an important role in reflection and contemplating your next move to live's important decisions.

That's why ArtTour International was created: to help support and grow art culture around the globe by providing Artists with better exposure and opportunities that otherwise would be impossible to obtain alone. Art will always remain an essential component in our lives as it allows us to see beyond just what we see with our eyes; there are many worlds within one work of art!" said Puello. We're excited to bring Jason Bryant to our booth.
"Concluded Puello.

“

My work has never focused on the face to describe or examine a portrait.... I add more mystery to the portrait, bringing us to question who we are and what's beneath the surface”
