## About The Abrahamic Business Circle:

Established in 2020 by H.E. Dr. Dr. h.c. Raphael Nagel, a businessman, a philanthropist, and an economic advisor to financial entities and governments. The Circle was founded to create a global business group where investors, business leaders, and UHNWI from all over the world can interconnect and make profitable deals.

The name of Abrahamic Business Circle was inspired by the existence of the Abrahamic Family House in Abu Dhabi. The olive branch in the logo is in a circle with three segments that represent the three major Abrahamic religions - Islam, Judaism, and Christianity. Each one maintains their own identity while showing that they stand in unity. At The Abrahamic Business Circle, they believe that creating economic diplomacy through business-impacting positively influences long-term economic prosperity between the countries in the region.

With Members coming from 56 countries, The Abrahamic Business Circle makes long-distance relationships shorter by creating a unique networking opportunity while continuing their knowledge of the current markets to invest in. At the same time, they allow their members to interact with various senior government officials and business leaders who are looking to expand their portfolios. The total of investments exchanged since the inception of The Abrahamic Business Circle after signing the Abraham Accords has reached 2.5 Billion AED (\$675.2 Million). Through the Organization's Initiatives, it has empowered its members with continuing knowledge and expanding valuable contacts.

So far, they have been able to connect business opportunities in food security, greenhouse technology, healthcare, etc. The biggest project they hope to achieve this year is an innovation park where 10,000 people can live and work together to develop new digital technologies.

"We want to help to promote economic diplomacy and bring in a new, more global world view without prejudice and to think together on how we can provide a better future for our children and humanity" H.E. Dr. Dr. h.c. Raphael Nagel said.
