

National Storage Tank Announces New Tank Line With a Stunning 100-year Life Expectancy

The Perfect Water Storage Solution for Extreme Heat and Cold Conditions

SANTA ROSA, CALIFORNIA, USA, December 7, 2021 /EINPresswire.com/ -- National Storage Tank announced today the addition of a [Bolted Fiberglass Tank](#) to their extensive array of water storage tanks. They specialize in fire protection tanks, irrigation tanks, and tanks exclusively for municipalities to manage the city's potable water needs.

Our Fiberglass Bolted Tank features a host of unique benefits that set it apart from virtually all other water storage tanks in the industry. It comes standard with a modular design that is entirely maintenance-free. The tank components are simple to install and ideal for any location where extreme heat or cold is normal. This tank is also AWWA D121 Approved with a high 200 MPH wind rating and can withstand 150 PSF snow loads.

Nicole Oblad, CEO of National Storage Tank, stated: "This engineering marvel which can hold up to 2.5 million gallons of water and expected to last for a century is the Mercedes of tanks and ideal for any installation where wind, heat, cold, or snow are factors to contend with" she further stated, "Our unique manufacturing process and precise engineering make this the perfect solution for desert, mountain or even remote areas where the access to clean water is life for the region."

Water Storage Tank with 100-Yr. Life Expectancy

Premier water Storage lasting 100-years

The tanks are designed to withstand extreme weather conditions, including high winds, extreme heat, and cold temperatures. The modular design allows for easy installation and maintenance, making them ideal for use in remote areas where access to clean water is limited. The tanks are also AWWA D121 Approved, which means they meet strict quality and safety standards.

Our teams can deploy this tank anywhere globally. This tank is ideal for Residential Projects, Urban Areas, Commercial facilities, Agriculture, Schools, Hospitals, Water Districts, Municipalities, Industrial Applications, Elevated Structures, Fire Protection, and more. Technical data, specifications, and certifications are available on request.

About National Storage Tank, Inc.

NST has a complete line of tank offerings, including [Plastic Water Storage Tanks](#), Corrugated Bolted Steel Tanks, Factory Coated, and Glass Fused to Steel Bolted Tanks, Welded, and Fiberglass above and below ground, and everything in between.
