AHMEDABAD, GUJARAT, INDIA,
December 10, 2021 /

[EINPresswire.com/](https://www.einpresswire.com/) -- [ViitorCloud Technologies](https://www.viitorcloud.com/) Pvt. Ltd. has been

recognized as the Best Tech Team of the Year 2021 award by Tech India Transformation Convention 2021.

Technologies have evolved and have adjusted to the 'new normal' in a way that wide transformations have been observed in the businesses prevailing

in the industry. The Tech India Transformation Convention (TITC) recognizes and honors such innovations and initiatives that have made a difference in the industry.

“

Our main motto is to provide excellence in the quality of the solutions delivered. Leveling ourselves to cope up with immersive technologies like Blockchain, AR/VR, etc. benefits us to grow in tandem.”

*Rohit Purohit – CEO,
ViitorCloud Technologies*

TITC seeks to convene the creative minds related to a myriad of businesses on a single platform. Amidst the pandemic, the event was held digitally through an online conference which was companioned with panel discussions on topics that supported topics related to emerging technologies, transformation in the current sectors, digitalization in various sectors, etc.

ViitorCloud Technologies have worked immensely to not only serve its customers in India but have also contributed to delivering services and solutions to its global clientele. The team has worked innovatively in various emerging

technologies like AI, Blockchain, Cloud Computing, AR/VR, IoT along with possessing expertise in multiple programming languages and development frameworks like Angular, React, Python, .NET, Laravel, and Node etc. by building end to end solutions.

“The team works constantly to provide innovative services and solutions across multiple

contemporary platforms and software environments. The team has developed unique services in the emerging technologies.” said [Vishal Rajpurohit](#), CTO ViitorCloud Technologies.

Our aim is to help our customers grow through innovation. As our motto conveys, we are an innovation-centric IT solution provider company, we strive to make the complex simple and to find ways to make the simple awesome.

ViitorCloud Technologies has expanded its product offerings along with the service offerings. To date, we have created six products in the pipeline that targets the Education, High-Risk Industry, Gaming and Entertainment, News and Media, and Retail and High-Tech Industry sector. Each of the products developed has a unique value proposition and has been built using emerging technologies like AI, Blockchain, AR VR, Microservices, etc.
