Dr Darren Wayne, aka The Food Guru.

The MealBetix Lifestyle focuses solely on eating the last organic food that was grown in the last 100% Organic soil, in other words, is 100% clean, free from all pesticides, herbicides, fungicides, artificial fertilizers and of course GMOs.

“After spending years searching for any soil that wasn't contaminated, I finally found it, but just a little bit, and this is where The MealBetix Lifestyle was born.”

Pollution has contaminated everything around us,

especially the soil, so just to find a little bit of soil left here that is still clean and pure, had been a very long and extremely arduous task to say the least.

We all desperately need a truly organic lifestyle, a holistic lifestyle and of course we all need a very reliable Organic [Vegan Emergency Food Supply](#).

And now is the time to stock up before it's too late!
