# Glide Health and Unlimited Systems Partner to Deliver Next Generation Integrated Revenue Cycle Solutions for Oncology

*Cancer care providers like Oncology Consultants, PA in Houston are improving revenue cycle with integrated API solutions from Glide Health & Unlimited Systems.*

PALO ALTO, CA, UNITED STATES, December 14, 2021 / EINPresswire.com/ -- Glide Health, the healthcare intelligence platform, and Unlimited Systems, the leader in revenue cycle software for specialty health, announced the launch of an integrated solution that reduces payer denials and improves financial performance by providing real time intelligence to support business office workflow. The Glide Health API Platform augments Unlimited's revenue cycle features with machine learning-based intelligence to predict denials and identify missed and underbilled charges.

"At Glide Health, we understand the complexities of oncology billing and are excited to work with an industry leader like Unlimited Systems and an innovative practice like Oncology Consultants." said Dan Lodder Co-Founder and CEO of Glide Health. "We know that ensuring claim integrity prior to submission is important to drive optimal financial performance. The integration between the Glide Health API platform and Unlimited Systems is real time and in the existing workflow, providing critical information when it's needed."

"We are excited to connect to the Glide Health platform" said Brian Gockerman, CEO of Unlimited Systems. "Providing solutions that help clients achieve peak financial performance is our top

priority at Unlimited Systems.  Integration with Glide Health is another example of our commitment to those customers".

"The integrated solution from Glide Health and Unlimited Systems provides our staff real-time information to prevent denials and improve charge capture" said Alti Rahman, Practice Administrator at Oncology Consultants. "The teams at Glide Health and Unlimited Systems really understand oncology billing and have created an innovative approach in the market."

The Glide Health API Platform will continue to expand as new capabilities are developed and is available to Unlimited Systems customers through a real-time integration.

About Glide Health
Glide Health provides a comprehensive health intelligence platform that delivers revenue and cash optimization for healthcare organizations. The Glide Health API Platform helps healthcare providers reduce denials, prevent under-billed & missed charges, predict documentation & prior authorization requirements, and automate workflows with timely interventions in the front office, during pathway planning and the back office.
