Increase demand for aromatherapy, rise in preference for natural ingredients, demographic changes, evolving applications in pharmaceutical industry fuel growth.

PORLAND, OR, UNITED STATES, December 10, 2021 /

EINPresswire.com/ -- According to the report published by Allied Market Research, the global [essential oils market](#) was estimated at \$8.00 billion in 2018 and is expected to hit \$15.61 billion by 2026, growing at a CAGR of 8.7% from 2019 to 2026. The report offers a detailed analysis of top investment pockets, top winning strategies, drivers & opportunities, market size & estimations, competitive landscape, and fluctuating market trends.

Rise in demand for aromatherapy, increase in preference for natural ingredients, demographic changes, and evolving applications in pharmaceutical industry drive the growth of the global essential oils market. On the other hand, high price, limited knowledge regarding weed management, and dearth of awareness among end-users curtail down the growth. Nevertheless, revenue opportunities in establishing direct distribution network is anticipated to pave the way for an array of opportunities in the near future.
