[Solutions](#), a premier production and recording company that helps artists elevate their influence and reach with creative content, has announced its plans to launch Argentinian artist Brenda Aliendro in the first quarter of 2022. In working with Aliendro, Pentagon's goal will be to expand her online and industry influence and grow her fanbase through creative marketing solutions.

Aliendro's star is currently on the rise, and Pentagon plans to leverage her growing success to scale up her international reach even further. Her music has caught the attention of fans and music critics worldwide, earning her

an invite to the Latin Grammys.

Music has always been in Aliendro's blood. She grew up in a musical family and is now following in her mother's footsteps by becoming a singer. Those around her note her insatiable drive to succeed in the industry and her work ethic, which Pentagon believes will help her grow her fanbase and produce music that audiences will want more of. Her goal, she notes, is to become the next Karol G—only from Argentina.

“We're thrilled to be working with Argentinian musical sensation Brenda Aliendro,” said Javier Sune, Pentagon CFO. “Pentagon aims to be at the forefront of today's music industry, and Brenda's smooth vocals and confident public presence are positioning her to be the next big name in the Latin urban scene. Be on the lookout for more from Brenda in early 2022 as we ramp up our efforts to introduce her to the world.”
