Monoclonal Antibodies Market by Source (Murine, Chimeric, Humanized, and Human), Indication (Cancer, Autoimmune Diseases, Inflammatory Diseases, Infectious Diseases, and Others)"

Allied Market Research

Increase in prevalence of various cancer types, rise in demand for cost-efficient biosimilar monoclonal antibodies, and upsurge in likelihood of epidemic or pandemic outbreaks drive the growth of the global monoclonal antibodies market. On the other hand, poor demand in underdeveloped countries restrains the growth to some extent. However, several growth opportunities in emerging markets have proven to be beneficial for the market growth.

0 00000-00 00000000:

1) The Covid-19 pandemic and followed by lockdown has affected several manufacturing industries.

2) The prolonged lockdown resulted in a disrupted supply chain and increased the prices of raw materials.

3) However, as the world has been recovering from the pandemic, the market is estimated to get back on track.
