Distracted drivers are the cause of 98% of all traffic accident fatalities

Skilled Texas advocates understand the hazards of distracted driving

Many states regulate the use of cellphones and other electronic devices by drivers. This is because phone calls and text messages take a driver's mind and eyes off of the road. Any distraction can be enough to cause an accident. Drivers can become distracted for a number of reasons, including:

- Talking to passengers
- Using GPS systems
- Eating or drinking
- Applying makeup
- Switching dials on car radios
- Using CB radios

If any person have been injured in a car, motorcycle, truck or pedestrian-related accident in the Houston area and throughout Texas caused by a distracted driver, they have a right to seek compensation for pain and suffering, past and future medical bills, loss of income, disability, disfigurement and emotional distress.
