

World Leaders Need To Look Into Fixing The Emotional Health (EH) Of The World. EH Will Ensure An Optimized Life.

Leaders like Musk and Bezos need to focus on the most effective path to optimizing the world. They need to establish an Emotional Health Industry.

WASHINGTON, DC, USA, March 1, 2022 /EINPresswire.com/ -- [Jeff Bezos](#) and [Elon Musk](#) need to look into fixing the emotional health of the world. As long as the brain/emotional health mess is ignored, American/world society will remain as messed up as ever.

The screenshot shows a website banner for 'BRAIN POWER CLUB™'. On the left, there is a table with levels of mind and their corresponding values:

Guru	+2
Adult	+1
Child	-1
Fetus	-2

To the right of the table is a large question mark and the text: 'WHICH LEVEL OF THE MIND ARE YOU COMING FROM?'. Below this is a 'Mind Brain' logo featuring a stylized brain with eyes. The main text of the banner reads: 'Providing you with an effective new innovation of your brain and mind observing each other from an inside in perspective.' On the right side, there is a 'Mission Statement' box with the text: 'Wisdom power is your (+2) guru/emotionally-healthy self-image power.'

As [Biden](#) and his team are not responding to the 4th R Foundation's messages, they are approaching other governments.

“

The world is trapped in an emotional health mess and no one is addressing the main cause of emotionally challenged brains. This mess can be solved by creating an EH/brain education industry.”

Sajid Khan

The 4th R Foundation's message to the government of Qatar.

As our president, Sajid Khan, has met H. H. Sheikha Moza and H. H. knows our innovations, please pass this message on to H. H.'s staff.

Society is a mess, and there is a need to change the mindset. Every forum is calling for changing the mindset. However, none are showing how to change the mindset.

The big hurdle for changing the mindset is that it is not clearly defined. How do you change something that you do not even know what it is?

There is a different approach. Instead of trying to figure out what the mind is. The better way is to figure out how to optimize the mind. The path to optimizing the mind that works is to define the mind as the self-image. Simply because the mind, for all practical purposes, shows itself as the self-image. Thus to know the mind, examine the self-image. To know the health of the mind,

know the health of the self-image. To measure the mind, measure the self-image. To heal the mind, heal the self-image.

The path to changing the mindset is simple, straightforward, precise, and reachable. To change the mindset, upgrade the self-image to the wisdom level by optimizing/healing the self-image.

The brain projects the mind/self-image. So it is the brain that needs upgrading/healing. Thus changing the mindset boils down to changing the brainset.

Mindfulness is a 55 billion dollar industry. There is a need to start an equally powerful BRAINFULNESS INDUSTRY.

Every single sector is a mess as emotional health is ignored. Establishing an emotional health industry will optimize society, create millions of high-paying jobs, and generate trillion-dollar revenue. The switch to an emotionally healthy life will be priceless.

Whoever establishes an emotional health and brain education industry will become one of the greatest trailblazers in history.

Elon, you said you would also focus on creating pure consciousness. Please consider starting a

Biden can say the two words in the State of the Union address by appealing to the 'better angel,' but it will not change anything. America and the world need to hear that Biden will create an emotionally super healthy America.

Biden will appeal to minds, but what can the mind do when brains are trapped in tribalism? What Biden needs to do is heal brains into becoming tribeless.

It is a Mosesian task. Moses, the greatest leader ever, spent 40 years raising a new generation of Israelites ready to behave like rulers. Moses could not change their mindset by giving speeches. He knew that the brain had to be healed to change the mindset.

Biden will have to optimize his own and his team's knowledge means to optimize America. After all, Biden has said that he will seek new advice from outside his team. It means he does not have the answers needed, nor does his team.

Wisdom needs to be injected into every program. Wisdom may be fuzzy, but wisdom is generated by emotional health. Wisdom is emotional health. An emotionally healthy brain generates emotional health. The whole world is a mess as brain education is not only ignored, the brain is miseducated.

Biden will need to create a whole new upbringing/brain/emotional health/wisdom industry to create a new generation of a tribeless America.

Humanity is trapped in emotional health disease. Humanity is jailed in the emotional health mess. Biden needs to convert the world into a wise world.
