

Alkylene Oxides market Projected To Grow 5.45% Cagr Through 2026 | LyondellBasell Industries, Dow Chemical Company

SEATTLE, WA, UNITED STATES , December 17, 2021 /EINPresswire.com/ -- The direct or indirect catalytic oxidation of olefins such as ethylene, propylene, and butylene from the steam cracker produces alkylene oxides, which are some of the most basic petrochemicals. Ethylene oxide, propylene oxide, and butylene oxide are three main alkylene oxides that act as intermediates in many petrochemical synthesis processes. Alkylene oxides are used in a variety of ways, depending on the product. The production of alkylene glycols such as monoethylene glycol, diethylene glycol, triethylene glycol, propylene glycol, and butylene glycol from their corresponding alkyl groups is the most common use of alkylene oxides.

The research study of the global [Alkylene Oxides Market](#) provides the market size information and market trends along with the factors and parameters impacting it in both the short and long term. The report ensures a 360-degree assessment, bringing out the complete key insights of the industry. These insights help the business decision-makers to make better business plans and informed decisions for the future business. In addition, the study helps the venture capitalist in understanding the companies better and take informed decisions.

Top Key Players in Alkylene Oxides market: LyondellBasell Industries, Dow Chemical Company, Royal Dutch Shell, BASF SE, Huntsman Corporation, Asahi Glass Company, Sumitomo Chemical Company, SKC Co., Repsol, S.A., Tokuyama Corporation, PCC Rokita, Oltchim, PJSC Nizhnekamskneftekhim, INEOS Oxide, and Tianjin Dagu Chemical Co.

Market Outlook:-

The global alkylene oxides market is divided into three categories based on product type: ethylene oxide, propylene oxide, and butylene oxide. In comparison to the ethylene oxide segment, the propylene oxide segment is expected to increase rapidly during the projected period. During the projection period, the propylene oxide segment is expected to rise due to rising demand for polyurethane products. According to a report published by the American Chemistry Council in October 2018 titled "The Economic Benefits of the U.S. Polyurethanes

Industry 2017," revenue generated by the polyurethanes industry in the United States was US\$ 37.9 billion in 2017, with polyurethane products accounting for US\$ 20.5 billion.

Research Objectives

- To analyze and forecast the Worldwide Alkylene Oxides , in terms of value and volume.
- Which segment has the potential to gain the highest market share?
- To help decision-makers from a new offer perspective and benchmark existing marketing strategy.
- Correlate cost structure historical data with key business segments.
- Analyze marketing contribution and customer acquisition by up-selling and cross-selling.
- Identifying Influencing factors keeping Worldwide Alkylene Oxides Intense, factored with periodic analysis of CR4 & CR8 concentration ratio & HHI Index.

Significant Features, those are under Offering and Key Highlights of the Reports:

- Detailed overview of Alkylene Oxides Market
- Changing market dynamics of the industry
- In-depth market segmentation by Type, Application, etc.
- Historical, Current, and projected market size in terms of volume and value
- Recent industry trends and developments
- Competitive landscape of Alkylene Oxides Market
- Strategies of key players and product offerings
- Potential and niche segments/regions exhibiting promising growth

Key features of this report are:

- 1.It provides valuable insights into the Alkylene Oxides Market.
- 2.Provides information for the years 2021-2027. Important factors related to the market are mentioned.
- 3.Technological advancements, government regulations, and recent developments are highlighted.
- 4.Advertising and marketing strategies, market trends, and analysis are studied in this report.
- 5.Growth analysis and predictions until the year 2027.
- 6.Statistical analysis of the key players in the market is highlighted.
- 7.Extensively researched market overview.
