

CRATIV SOLUTIONS INC. ANNOUNCES AIRTIGHT PACKAGING MADE FROM SUSTAINABLE MATERIALS.

CRATIV Solutions, Inc, announces launch of airtight, environmentally friendly, child resistant packaging that is designed and manufactured in North America.

DENVER, COLORADO, UNITED STATES,
December 17, 2021 /

[EINPresswire.com/](https://www.einpresswire.com/) -- CRATIV Solutions, Inc, a trusted leader in sustainable and child-resistant packaging since 2015, is proud to announce the launch of the all new CRATIV Select; an airtight and sustainable solution servicing the cannabis market.

The CRATIV Select has reimagined the ruggedness and durability of the CRATIV Original and the sleek, pocket design of the CRATIV Slim with new airtight features.

The new Select line is designed and manufactured in North America and enables today's manufacturers to offer a single-layer packaging solution that is airtight, environmentally friendly, child resistant and designed for automation.

"With the launch of CRATIV Select, we look to further empower our partners across the industry by providing safe and sustainable packaging that enables them to take advantage of time and cost efficiencies gained through automation." Bill Ludlow, CEO of CRATIV

Solutions continued, “our industry is highly competitive and the brands of tomorrow need an edge. The CRATIV Select designs provide this edge in a single-layer, airtight and automation ready package that is cost effective and environmentally friendly”.

CRATIV Select provides a competitive advantage for brands in the cannabis market:

Sustainable: All products are made from environmentally friendly materials.

Local: All products are manufactured in North America, eliminating long lead times and product delays.

Airtight: The Select line offers unrivaled airtight packaging, designed to preserve product integrity, enhance customer satisfaction and reduce the need for multi-layered packaging.

Automation Ready: CRATIV products are shipped in a nested and open position, enabling manufacturers to enhance efficiency through automation.
