

SMi's 10th Annual Pharmaceutical Microbiology UK Conference - A Virtual Conference with Online Access Only

SMi Group Reports: SMi decided to open the conference and workshops to all microbiologists by transforming it into a virtual event only on 17-18 January 2022.

LONDON, GREATER LONDON, UNITED KINGDOM, December 20, 2021 /EINPresswire.com/ -- [SMi's 10th Annual Pharmaceutical Microbiology UK Conference](#) will no longer take place in London, UK. Instead, the conference is taking place on 17 and 18 January 2022 and will open its doors to a global audience delivering the event virtually with online access only.

All interested parties who would like to attend the conference and/or workshops visit <http://www.pharma-microbiology.com/PR4>

The conference is proudly chaired by [Di Morris, Clinical Auditor](#), AstraZeneca Di Morris - MRSC Chemistry and PGDiPS and a Qualified Person under permanent provisions since 1993; Pharmaceutical industry for over 30 years/ a number of years as a Medicines Inspector for the MHRA. Di/worked in the areas of Quality Control (Chemistry and Microbiology), Quality Assurance and Regulatory Affairs/worked with a wide range of dosage forms including sterile products, biological, and non-sterile products.

[Key reasons to attend](#) include:

- Discover case studies in establishing holistic Contamination Control Strategies and Real-Time Viable Air Particle Counting with leaders in the pharmaceutical industry
- Gain insight the current state of Endotoxin testing, including alternative test methods and strategic approaches to method validation
- Explore the best practice in data integrity and the automation of environmental monitoring in the Microbiology Quality Control Lab

- Join the important panel discussion on diversity and inclusion in the workplace with an experienced line-up of speakers
- Discuss the latest developments in the detailed, rapid detection of microbes in pharmaceutical water

To view the full 2-day agenda and full speaker line-up, download the brochure from <http://www.pharma-microbiology.com/PR4>

There are two interactive workshops taking place virtually also on 19th January 2022

Workshop A: Keys to a Successful Contamination Control Strategy

Workshop Leaders: Benoit Ramond, Head of Microbiology & Sterile technologies, Sanofi and Jim Polarine, Senior Technical Service Manager, STERIS

Workshop B: Implementing a Contamination Control Strategy (CCS) and Associated Aseptic-Containment Strategy (ACS) with Case Study of filling an ATMP Viral Vector

Workshop Leaders: James Drinkwater, Head of GMP Compliance, Aseptic Processing & GMP Compliance, F Ziel GmbH and Holger Kranenburg, Head of Aseptic Processing Technologies, F Ziel GmbH

Interested in joining you can register your place for £899 for the conference and £599 for each of the workshops <http://www.pharma-microbiology.com/PR4>

Sponsored by: CTL-MAT, Ecolab, Microgenetics, Novatek
