Jayme Johnson is a charismatic multidimensional human being that approaches life with childlike curiosity and compassion for her fellow human family. Able to see through the eyes of others with empathy and humility, she steers her life through creative expression, human connection, community and collaboration. Firm and fair, a blend of girl next door and badass superhero, she's a dash of genius, grit, humor, adventure, fire and spice. To know her is to love her or to hate her. But, she never disappoints. And, she is never boring. She can be counted on for brightening any space she enters and has a power and grace of a Queen. She is a serial entrepreneur, visionary, and director. She has built many organizations and communities from idea into form, materializing her own visions or as advisor and righthand woman to multiple CEOs. She exemplifies true leadership, leads by examples, walks the talk, and is someone to be humbly admired. She remains above all, a kid at heart, courageous like a fierce lion, loving and gentle like a cuddly lion, and must be digested like a fine wine. She's not for everyone. But, those fortunate enough to cross her path are changed forever and required to be the best version of themselves. She'll put you to the test and hold your feet to the fire.
