Surge in prevalence of malaria across the world, rise in healthcare expenditure, and surge in adoption of advanced diagnostics drive the global malaria diagnostics market. However, less demand from underdeveloped countries hinders the market growth. On the other hand, untapped potential in emerging economies create new opportunities in the next few years.

Comprehensive competitive analysis and profiles of major market players, such as

Siemens AG. Bio-Rad Laboratories, Inc.

Access Bio. Inc.

Premier Medical Corporation Pvt Ltd.

Atlas Medical

Biomérieux SA

Meridian Bioscience Inc.

Novartis AG

Abbott Laboratories

Olympus Corporation

LAMEA to maintain the top status till 2026, North America to grow at the third highest CAGR-

Based on geography, LAMEA contributed to 94% of the global malaria diagnostics market revenue in 2018, and is anticipated to maintain the lion's share till 2026. At the same time, the Asia-Pacific region would showcase the fastest CAGR of 6.1% during the study period. Surge in awareness regarding the use of antimalarial drugs in this region has propelled the growth. However, North America would register a CAGR of 4.1% by 2026.

For Purchase Enquiry at: https://www.alliedmarketresearch.com/purchase-enquiry/285

Based on region, LAMEA held the highest market share in terms of revenue, accounting for more than 90% of the total market share in 2018, and is expected to maintain its highest contribution throughout the forecast period. However, Asia-Pacific is estimated to portray the highest CAGR of 6.1% during the forecast period. This is due to huge potential patient base along with increase in awareness regarding usage of antimalarial drugs. North America would witness a CAGR of 4.1% from 2019 to 2026.
