Fasturtle Digital Marketing Agency

The Phoenix Holocaust Association (PHA) has a long history of active involvement in both local and national Holocaust education and remembrance events. Started in the Valley more than 36 years ago, the Phoenix Holocaust Survivors Association, as it was known then, was a place for Holocaust survivors to connect to others with similar experiences. At its core then, as it is now, was recognizing the importance of talking about the Holocaust. Over the years, PHA expanded its focus to include, not only survivors, but also their descendants and the larger topic of genocide.

Through this partnership, Fasturtle Cares is collaborating with PHA to provide the digital marketing resources they need to help get the word out to more people that can benefit from the amazing services they provide.

Over the last 20 years, Fasturtle Cares has partnered with The Matthew 19:14 Project, Children's Museum of Phoenix, ReEntry by Design, Homeward Bound, Make a Wish Foundation, and many other local nonprofits to help expand their community reach.

Speaking to the success of their partnership with Fasturtle, Marion Wiener, Director of Marketing & Communications at the Children's Museum of Phoenix said, "I can't say enough good things about Fasturtle. When the Children's Museum of Phoenix needed a complete overhaul of their website, we chose Fasturtle to help us. They took our wants/needs/ideas and created exactly what we needed. Our web traffic has increased exponentially, and we also hear comments about how customer friendly the site is."
