AUSTRALIA, NSW, AUSTRALIA,
December 28, 2021 /

EINPresswire.com/ -- With the year 2021 just about to wrap up, everyone is hoping 2022 to be better than the recent past. COVID-19 and its newly found variants have kept people from coming out to do different things. The dynamics of work have seen a paradigm shift and most people have now settled into the groove of working from home.

The ongoing situation has challenged different businesses to find newer ways to function. While some businesses crumbled due to the pandemic, others looked for aggressive strategies. The [PTE tutorials](#) across Australia have surely kept their boats sailing by adapting newer technology and switching to aggressive marketing. Connect PTE is one such top-of-the-line PTE coaching institute based in Melbourne that has turned the tables entirely. The company recently switched to PTE coaching online and announced lucrative PTE coaching packages to get a bigger share from the PTE market.

Connect PTE yesterday announced its

packages for the year 2022. The Melbourne-based PTE tutorial has won accolades in the recent past for providing exceptional PTE coaching to PTE enthusiasts across Australia. “With the onset of 2022, we are trying to be more aggressive with our marketing”, said Mr. Avik Andalib – the Business Development Manager of Asia Pacific Group – the parent company of Connect PTE.

Ms. Reema Dhumal – PTE Coach at Connect PTE – said, “We are adding newer, more customized packages for the students. We will continue to offer the older ones too! The PTE mock tests and [PTE tips and tricks](#) are going to be our USPs.”

The company is introducing the Unlimited PTE Coaching package at \$349 only. The students enrolling in the Unlimited PTE Coaching package will be able to take 180 classes over a period of 6 months. This is, by far, one of the most affordable unlimited coaching packages available in the marketplace. Another product that Ms. Reema hinted towards is PTE coaching for individual modules. “We are starting our individual module PTE coaching in 2022 which would allow the students to take PTE coaching for the modules they choose. They may take coaching for 1, 2 or even 3 modules out of all 4.” The price, however, is yet to be announced by the company.

The company has done well lately with the introduction of different packages and aggressive marketing strategies. Ms. Roslyn, one of the students at Connect PTE added, “Ms. Reema is a very good lecturer. She gave me many tips about the exam. I am glad I chose this center to have my PTE review. I got my desired score today.”

Australian Government has been working on opening the borders gradually for its citizens, permanent residents, international students, tourists, etc.

As we move into 2022, we can just hope for a better year ahead for everyone.

Best wishes!
