The Prototype tells the story of Jadirah, a woman in search of the perfect love. Throughout her journey, Jadirah strives to maintain her mental, physical, and spiritual health after public shame and loss. Due to the lack of support and compassion from her husband, she must face most challenges on her own. As she embarks on a journey toward the unconditional love that she deserves, she is faced with a choice that will radically transform her family and her future.

"The Prototype is a powerful story about love, courage, healing, and evolving," says fellow

Ohioan author Maggie B. Walker, "I highly recommend this book to anyone who has ever had to overcome uncomfortable circumstances with courage and faith."

Author Jamilah Ewing lives in Columbus, Ohio, with her husband and their four children. "The Prototype," published by Ehpics Publishing, is her first novel. It will be available for purchase in e-book and print format on Amazon, Barnes and Noble, Books-A-Million, IndieBound, and other select book stores.
