At the same time, the report also encompasses the competitive landscape including comprehensive profiles of the major frontrunners in the industry. The leading players are considered based on their revenue size, product portfolio, market share, key marketing stratagems, and overall contribution to the market growth.

Upsurge in construction activities to meet the demands of growing population and increase in industrialization are the key factors that contribute toward the growth of the global floor paints market. However, availability of cheap alternatives acts as a major restraint of this market. On

Floor paints Market

the contrary, rise in investment in infrastructure, surge in urbanization, and rise in demand for antimicrobial paints are anticipated to offer remunerative opportunities for the expansion of the global market.

As COVID-19 has hit the economy, it is impacting every sector and creating challenges for growth. However, the launch of new products in the floor paints market is offering new avenues for the market. The product Nanova Hygiene+™ is an antimicrobial covering for surfaces such as textures, plastics, metals, and cements that contains mixed drinks of nontransitory QUATs and emphatically charged AgNPs as bioactive nanoparticles. Moreover, Nanova Hygiene+™ antimicrobial covering shows low surface vitality esteem ( $>20 \text{ mN/m}$ )<sup>10</sup> and carries on as an omniphobic surface by repulsing water and oil together.

### COVID-19 impact analysis

The outbreak of the COVID-19 pandemic left a significant impact on the global economy. The Floor paints market report provides a detailed study of the micro- and macro-economic impacts of the pandemic. Moreover, the analysis depicts the direct impact of COVID-19 on the Floor paints market. It recapitulates the detailed information about the market extent and shares owing to the impact of the outbreak. The report also emphasizes on the supply chain and the sales of the Floor paints market. Last but not the least; the study also exhibits a post-COVID-19 scenario, portraying different measures and initiatives taken by the government bodies across the world.
