LUXEMBOURG, December 31, 2021

/EINPresswire.com/ -- The Airdrop

initiated by Yucreat on Dec 14th, 2021 has seen an essential inflow of people using the service to gain exposure to different markets. Yucreat has now opened its Mainnet to the public. After

dealing with defection, health issues, project abandonment due to Covid, Yucreat is now ready to move forward and is gaining speed.

"We are now seeing a steady flow of people coming to Yucreat and looking at what the platform can do. But of course, it is the New Staking feature that is of the most interest to people.

“

We've been thru a lot and have endured lots of hardship with Covid claiming the health of a few of our team players. But in the end, we are now back where we wanted to be!"

Operations.*

"According to our projections after the Airdrop, we expect to reach around 100K members by the end of January, and that will be just in time for our upcoming private sale."
