

SpecTruth metaverse will be a 3d world where people can work, play, socialize, date, and learn.

STRUE in conjunction with SpecTruth will create an amazing metaverse experience that can be explored using online, AR and VR headsets. Ideal for Web 3

KIEV, KIEV OBLAST, UKRAINE, January 2, 2022 /EINPresswire.com/ -- Metaverse is advertised everywhere as the next iteration of the internet but what is it? It is a concept of a continuous, online, 3D universe that combines multiple different virtual spaces. It will allow users to work, meet, game, and socialize together in these 3D spaces.

[SpecTruth, www.SpecTruth.com](https://www.SpecTruth.com), is in the beginning stages of creating a unique metaverse where its users can work, play, socialize, date, learn, receive therapy, and improve themselves in the real world. People will be able to use augmented reality (AR) and virtual reality (VR) to best view its 3d world.

STRUE token

The Augmented Reality (AR) will incorporate real-time interactions of real and virtual worlds in the 3D universe.

Do Well By Doing Good”
Mikail Aslan

People will explore 3d generated town halls, theaters, libraries, parks, theme park, classrooms, lecture halls, and concerts venues. They will be able to create a

customizable virtual friend that will learn using advanced artificial intelligence.

The town halls, parks, and theme parks will allow users to meet in a safe virtual public space.

People from around the world will be able to communicate with each other using an auto-translation feature where they will hear and read everything in their own native language regardless where other users are from. For instance, a person in Germany will hear German when speaking virtually to a person in Russia and the person in Russia will be hearing Russian.

More private areas will include libraries, classrooms, lecture halls, and concert venues.

Classrooms will offer free self-examination tests of personality, behavior, intelligence, and general knowledge.

The library will have an extensive growing virtual video catalog that will include teaching life-skills, vocational training, scientifically proven therapeutic methods, game theory, NFT creation, coding plus many more topics.

Theaters and the concert venue will offer 3d performances from around the world.

Members will be able to generate income with STRUE with owning virtual 3d kiosks where members can showcase their goods and skills for trade. STRUE is SpecTruth's native token and will be used to purchase premium services or goods.

In addition to the virtual kiosks, STRUE tokens will be used to unlock a wide variety of premium content and services.

Members will be able to create a dating profile and go on virtual 3d dates.

Members will be able to create NFTs, showcase them in virtual art museum, or sell them at their own 3d virtual kiosk.

STRUE will upgrade their AI generated friend, used to buy box seats at virtual venues, purchase premium concert and lecture tickets, make donations to charities, sponsor other members, and used to generate income from [airdrops](#).

The developers of [SpecTrue](#) (STRUE) with SpecTruth understand the current desire for investors profiting from meme coins like DOGECOIN (DOGE) and SHIBI INU. (SHIB) Unfortunately, the current library of meme coins are difficult for financial planners to recommend because they lack utility and social benefit. However, we believe we can offer meme coins for investors to be

proud of investing.

Historically, developers of meme coins make their profits by reserving large portions of their meme offering in the genesis block. However, it is our intention to have a large portion of the genesis block go towards charitable causes while offering the potential for investor returns as other meme coins.

As a reward for holding STRUE, airdrops of non-utility meme coins will be awarded. Each STRUE token held will automatically generate FIVE (5) token of each new meme coin that SpecTruth generates. For example, a holder of 1,000,000 STRUE will automatically receive 5,000,000 of each new meme token that SpecTruth generates. The holders of these social responsible meme coins will be able to add the meme's badge to their social media showing their solidarity and support. Our goal is for our tokens to have the same initial appeal and desire that the "wwjd" and Lance Armstrong wrist bands held except our holders will be the ones benefiting.

The deployment of each new meme coin will be similar to SHIBU INU except for the initial distribution of tokens according to the white papers.

Our goal is to have a steady stream of new tokens being minted every 3-4 weeks as marketing promotions and income generation for our STRUE holders.

Holders of our new social-benefit meme tokens will be proud to display their meme tokens owned on social media. (similar to "WWJD" or the Lance Armstrong bands people would wear.) Downloadable badges will be available for people to share on across their social media platforms giving their support for the cause and hopefully benefiting as they the crypto increases in price from demand.

The planned airdrops will start with and grow as demands grows:

Token's Symbol: #AMZN

Token's Name: Amazon Preserve

Token's Purpose: Purchase up to 1 million acres of Amazon rain forest for preservation.

Token's Symbol: #BLWVS

Token's Name: Blue Waves

Token's Purpose: Funding ocean cleanup projects.

Token's Symbol: #BCATS

Token's Name: Big Cats

Token's Purpose: Big Cats will help current big cat sanctuaries and establish a new state-of-the-art big cat sanctuary in Eastern Europe to assist in wild big cat repopulation.

Token's Symbol: #MERIT

Token's Name: Merit Scholarships

Token's Purpose: Scholarships based on merit alone without gender, race or religion as factors.

Token's Symbol: #FREED

Token's Name: Freedom for Everyone

Token's Purpose: Fund non profits ending modern slavery. Right now, there are currently 38 million people estimated to be slaves.

Token's Symbol: #FREES

Token's Name: Free Speech

Token's Purpose: create and fund non partisan news sources without commentary.

Token's Symbol: #FWATER

Token's Name: Fresh Water

Token's Purpose: Fund projects that are providing clean drinking water.

Token's Symbol: #SHRMZ

Token's Name: Shrooms

Token's Purpose: Fund projects that replace Styrofoam with mycelium

Token's Symbol: #TREES

Token's Name: Million Trees

Token's Purpose: Fund the planting of one million exotic trees.

Token's Symbol: #WVET

Token's Name: Warriors and Veterans

Token's Purpose: Educate veterans to create livable wages using the metaverse.

These social responsible meme tokens are unique to SpecTruth because charities will receive their donations upon minting and the value of the donation will be determined by the investor's demand.

It is the goal of SpecTruth that the holders of STRUE do well by doing good.

SpecTruth is funding this metaverse project through a pre-sale of STRUE tokens and minting social responsible meme tokens.
