

Leading EB-5 Firm to Host Virtual Discussion on Active Investor Participation

NEW YORK, NEW YORK, UNITED STATES OF AMERICA, December 31, 2021 /EINPresswire.com/ -- EB5 Affiliate Network ([EB5AN](#)), a leading EB-5 investment fund manager, regional center operator, and consultancy, will host a live webinar, "Direct EB-5 Projects: Active Investor Participation," on Tuesday, January 4, 2022, at 12:00 PM EST. [Direct EB-5 investments](#) are now the only option available for foreign nationals who wish to apply for green cards under the United States' immigrant investor program. The regional center program, which historically has been the most popular option for EB-5 investments, expired on June 30 and has not yet been reauthorized by the U.S. Congress. Given the uncertainty of the program's future and the high probability that U.S. Citizenship and Immigration Services (USCIS) could soon increase the minimum investment amount, many aspiring immigrants are seeking sound investments in viable business enterprises.

"Direct EB-5 investments are the only game in town," says Sam Silverman, founder and managing partner of EB5AN. "Our phones haven't stopped ringing since the minimum investment amount reverted to \$500,000, and the lapse of the regional center program leaves many prospective investors in unfamiliar territory. They want to understand the unique benefits and risks of direct investment."

The webinar's presenters will include Silverman and partner Michael Schoenfeld along with expert EB-5 immigration attorney Mark Davies, founder of Mark Davies & Associates, LLC. Silverman, Schoenfeld, and Davies will discuss the key topics that immigrant investors should consider.

Topics to be covered include:

- USCIS policy;
- Ownership and investment structures;
- Company operating agreements;
- Day-to-day management versus policy formulation;
- Notification and documentation; and
- Compliance strategies.

"Active participation in the company's management by EB-5 investors can be the difference between approval and denial of green card applications," adds Silverman. "Investors need to

know if this critical practice is properly planned, documented, and executed.”

Prospective EB-5 investors and others who cannot attend the live event can register to receive a link to a recording of the webinar.
