When the clock strikes zero, at midnight, a massive virtual fireworks display starts exploding – lighting up the “Magic City” Skyline.

So too does a set of mammoth L.E.D. digits that read, “2022” and the words, “Happy New Year.”

World's Most-Advanced Animation Lighting System

The ultra-futuristic Paramount is the soaring signature skyscraper of the \$4-billion, 27-acre Miami Worldcenter.

Best Camera Shots

It is recommended that TV News crews and print photographers consider setting-up tripods and live vans in the empty lots located along NE 8th Street between N. Miami Avenue and NW 1st Avenue in downtown Miami or along Biscayne Blvd near Bayside Marketplace.

Caution, the closer the camera is to the building; the more-pixelated the images.

Paramount Miami Worldcenter is located at 851 NE First Avenue, Miami, Florida 33132
