“

Using solo ads is an easy way to build a massive email list that buys from you again & again.”

Kevin Watson

By subscribing to Udimi's advertising platform, individuals can save thousands of dollars in wasted advertising costs by trying to learn PPC marketing, YouTube marketing, social media marketing, and etc. Once a subscriber signs up, members can choose a solo ad vendor, choose an advertising package that fits their budget, and sit back and let the vendor send fresh email traffic to a member's squeeze page. Once the email traffic is delivered, the member is able to see real email subscribers flowing into their auto-responder. The tracking feature within Udimi's dashboard shows members geographically where their leads are coming from.

Newly Added Updates To Udimi.com

Over 100 solo ad vendors just added. These vendors have been rigorously tested and vetted by the owners of Udimi to ensure that the email traffic their customers receive are real people and not robot traffic. The vendor's email lists that are chosen by Udimi often have buyer leads on them. This greatly increases the chances that members will get sales after their email traffic has been delivered.

Also, the vendor's email lists is a permission-based email list. Which means that subscribers to these lists have voluntarily opted in to receive emails in a particular niche. All vendors email lists are scrutinized and verified to be compliant with the CAN-SPAM Act as outlined by the FTC.

New Traffic Filter Feature. This feature allows members to choose what countries they want their email traffic to come from. Members can also choose whether they want email traffic coming from mobile devices or desktop computers. Udimi also displays which vendors are delivering sales to their customers.

Improved Transparency. Udimi has greatly improved their transparency of solo ad vendors. Users of this advertising platform can see at a glance under the vendor profile:

- *What the vendor charges per click
- *Where the vendor is from
- *FAQs about the vendor
- *Other customer reviews about vendor's email traffic
- *Vendor description of what type of email traffic is available
- *How many sales and frequency of sales a vendor delivers to customers
