

Surgical Microscopes Market May See a Big Move by 2028 Covid-19 Analysis

North America held the leading position in the global market in 2021, and is expected to maintain its lead throughout the study period.

PORTLAND, OREGON, UNITED STATES, January 3, 2022 /EINPresswire.com/ -- According to the report by Allied Market Research, titled, "[Surgical Microscopes Market](#) by Application (Dentistry, ENT, Gynecology & Urology, Neurosurgery & Spine Surgery, Oncology, Ophthalmology and Plastic and Reconstructive Surgeries), End-user (Hospitals and Outpatient facility) - Global Opportunity Analysis and Industry Forecast, 2022 - 2028". The report provides a detailed analysis of changing market dynamics, top segments, value chain, key investment pockets, regional scenario, and competitive landscape.

The demand for surgical microscopes has witnessed tremendous growth due to growth in global geriatric population, increase in R&D activity in life science sector, growth in health care infrastructure, and increase in demand for minimally invasive surgeries. In addition, governmental funding & support for implementing the healthcare infrastructure and technological advancement are some of the factors anticipated to play a major role in the growth of the developed markets. However, sale of used and refurbished equipment and high pricing of equipment in developing region are some of challenges, which can hamper the growth of the market to some extent during the forecast period.
