Allied Market Research published a new report, titled, Skid Resistant Coatings Market by Type, Form, Application, Global Opportunity Analysis and Industry Forecast, 2020-2027 The report offers an extensive analysis of key growth strategies, drivers, opportunities, key segment, Porter's Five Forces analysis, and competitive landscape. This study is a helpful source of information for market players, investors, VPs, stakeholders, and new entrants to gain thorough

understanding of the industry and determine steps to be taken to gain competitive advantage.

The report offers key drivers that propel the growth in the global skid resistant coatings market. These insights help market players in devising strategies to gain market presence. The research also outlined restraints of the market. Insights on opportunities are mentioned to assist market players in taking further steps by determining potential in untapped regions.

3M, PPG Industries, Axalta Coating Systems, Hempel A/S, RPM International, Sherwin Williams, Amsteps Products, Randolph Products, No Skidding Products, ParameltRmc, Safemate Anti-Slip Pty, and Skidproof are top key players in the market.

Detailed analysis on operating business segments, product portfolio, business performance, and key strategic developments is offered in the research. Leading market players analyzed in the report include Celanese Corporation. These players have adopted various strategies including expansions, mergers & acquisitions, joint ventures, new product launches, and collaborations to gain a strong position in the industry.

Key Benefits:

- The report provides a qualitative and quantitative analysis of the current skid resistant coatings market trends, forecasts, and market size from 2021 to 2022 to determine new opportunities.
- Porter's Five Forces analysis highlights the potency of buyers and suppliers to enable stakeholders to make strategic business decisions and determine the level of competition in the industry.
- Top impacting factors & major investment pockets are highlighted in the research.
- The major countries in each region are analyzed and their revenue contribution is mentioned.
- The market player positioning segment provides an understanding of the current position of the market players active in the skid resistant coatings market.

By Application:

1. Concrete
2. Asphalt
3. Previously Coated Surfaces
4. Primed Wood
5. Metal
6. Others
