Fact-based Amazon Bestseller, razor close to:

1. *REAL genetics technology now, and to*
2. *the only prophecy in common among religions & myth traditions!*

NEW YORK, NY, UNITED STATES, January 3, 2022 /EINPresswire.com/ -- A geneticist's regeneration of Ice Age animals AND humans is stolen and becomes the basis for genetic warfare weapons – and the prophesied [Resurrection](#) of the Dead!

Cloning sheep and chimps was only a beginning. Using Fossil Gene Redemption (FGR), geneticist Kevin G. Harrigan experiments with genes from a frozen "Ice Man". His work prompts Iraqi leader, Ishmail Mon, to provide resources for exciting new research that enables Harrigan's team to regenerate extinct "cryptids" and human sub-species from the Ice Ages. But FGR can be the basis for genetic weapons of mass destruction; United States intelligence and defense leaders must act!

Radically distinct from Jurassic Park, Ancient of Genes shows new megafauna regeneration methods by which the only prophecy held in common among major religions & myth traditions could manifest: Some form of regeneration of human ancestors and megafauna. Once considered junk DNA, personality genes and other traits archive in lineages. These genes await a
