January 4, 2022 /EINPresswire.com/ -Urban and controlled environment
agriculture advisory firm Agritecture
will host the pre-event workshop,
"Planning Your Commercial Urban
Farming Business," on Sunday,
February 27, 2022 – the day before
Indoor Ag-Con opens -- February 28 –
March 1, 2022 at Caesars Forum, Las

Indoor Ag-Con | Agritecture Pre-Event Workshop is focused on providing participants with a clear understanding of how to think strategically and avoid mistakes when planning an urban farming business

Vegas, NV. Focused on providing participants with a clear understanding of how to think strategically and avoid mistakes when planning an urban farming business, the workshop will run from 2 – 5 pm.

Participants will receive access to <u>Agritecture Designer</u>, Agritecture's proprietary urban farm planning software. This workshop will utilize Agritecture Designer and participants will work in teams to complete a design workshop to explore how urban agriculture might fit in with their current projects or long-term goals.

Workshop participants will also meet and hear from some of Agritecture Designer Partners and Indoor Ag-Con exhibitors, including Ceres Greenhouse Solutions and Montel.

The Agritecture workshop is an optional pre-event workshop add-on available to Indoor Ag-Con attendees for just \$150. To learn more and sign up, visit <a href="https://www.indoor.ag/agritecture-pre-event-workshop/">workshop/</a>

"We are excited to partner with Agritecture to bring this comprehensive educational opportunity to our grower audience," says Brian Sullivan," partner, Indoor Ag-Con, LLC. "Participants are sure to find this workshop to be a great way to kick off their Indoor Ag-Con experience. Not only will

We are excited to partner with Agritecture to bring this educational opportunity to our audience. Growers are sure to find this workshop to be a great way to kick off their Indoor Ag-Con experience."

Brian Sullivan, partner, Indoor Ag-Con, LLC. it help them strategically navigate the concurrent Indoor Ag-Con and National Grocers Association Show events that start the next day, the workshop also adds even more networking, market research, and partnership development opportunities for their businesses."

#### ABOUT INDOOR AG-CON LLC

Founded in 2013, Indoor Ag-Con has emerged as the premier trade event for vertical farming | indoor agriculture, the practice of growing crops in indoor systems, using hydroponic, aquaponic and aeroponic techniques. Its events are crop-agnostic and touch all sectors of the business, covering produce, legal cannabis | hemp, alternate protein and non-food crops. In December 2018, three event industry professionals – Nancy Hallberg, Kris Sieradzki and Brian Sullivan – acquired Indoor Ag-Con LLC, setting the stage for further expansion of the event.
