

Cyrusson Emphasizing The Importance of Digital Marketing for Small Businesses

CALIFORNIA, UNITED STATES, January 4, 2022 /EINPresswire.com/ --

[Cyrusson](#), one of the leading digital marketing firms in San Francisco California, has helped numerous businesses flourish via the online world of Digital Marketing. The company has made great strides in establishing itself and its clients as industry leaders, and their client case studies help others understand the importance and impact of digital marketing.

Cyrusson knows the importance of digital marketing in 2022 and almost all businesses, no matter whether they operate exclusively online or offline can greatly benefit from Digital Marketing. Cyrusson has a robust team of experts that are well-experienced in the various pillars of digital marketing: such as social media, digital advertising, search engine optimization (SEO), website design, and more to help businesses build their brand online.

In one of their case studies, they ran a Google Ads campaign for a personal injury law firm and found that with a monthly ad budget of \$2200 dollars, such their clients could earn a return of \$56,000 dollars. Cyrusson makes sure to consider every single detail to ensure that their [marketing campaigns](#) bring in optimal results for clients. Cyrusson utilizes client campaign data to provide potential clients with the right idea regarding the type of marketing budget they need to invest in for meaningful results.

One of the key spokesmen for the company was quoted as saying, "We are aware of the need to give our clients the clear picture of the investment amount is required to bring in optimal results. We have done several case studies in this regard and it has helped us advise new clients with regards to the need and importance of digital marketing in the current times."

Another case study shows that they worked for an immigration law firm that had a monthly media spend of 850 dollars. It generated a net total of 71 form fills, 101 phone calls which equate to 172 lead conversions (form fills & phone calls). The conversion rate was really impressive at 8%. These case studies are a clear indicator of how money spent on digital

marketing should be seen as an investment rather than an expense because it resulted in a massive manifold increase in revenues and profits.
