

# Escape Mocktails Launches Alcohol Free Liqueurs

*New Alcohol Free Liqueurs That Taste Delicious*

LAS VEGAS, NV, USA, January 4, 2022 /EINPresswire.com/ -- Adding to Escape Mocktails' already diverse line of [alcohol free beverages](#), they just launched 9 new [non-alcoholic liqueurs](#). Liqueurs are more on the sweeter side and are more for drinking after dinner.

The company launched their products in April 2021 with their 14 flavors of alcohol free spirits and mocktails. Seeing an increased need to add to the alcohol free offerings, their founders chose drinks that were family favorites. Topping their list was the [alcohol free Amaretto](#) and a Coconut Rum alternative. Amaretto was a very

popular drink that our family would sip on, but since we've limited our use of alcohol through the years, we've missed this warm, rustic, almond flavored beverage. The Caribbean Coconut was a special request from the co-founder's sober sister. "My sister loved the taste of Malibu Rum, but wasn't really a big drinker because of the calories. Now, she's able to make her tropical favorites like a pina colada or mix it with soda." Jones said.

Rounding out the list of non-alcoholic liqueurs, Escape Mocktails is excited to have some unique alcohol free beverages like a non-alcoholic Sambuca, Lemoncello, and Elderflower. Escape Mocktails is the first company to come up with such a diverse offering of alcohol free beverages. Other flavors of liqueurs Escape Mocktails has added to their zero proof line include: Framboise, Toasted Hazelnut, Java Rumcrema, Caribbean Coconut, Amaretto, and Orange Cognac.

With the holidays just ending, Escape Mocktail's new line of liquors would be a good addition for
