

Arkansas Mesothelioma Victims Center Has Endorsed Attorney Erik Karst of Karst von Oiste to Ensure a Navy Veteran with Mesothelioma in Arkansas Receives the Best Compensation Results-It Might Be Millions

LITTLE ROCK , ARKANSAS , USA,
February 25, 2022 /EINPresswire.com/
-- According to the Arkansas Mesothelioma Victims Center, "If your immediate family member is a Navy Veteran and he has just been diagnosed with mesothelioma anywhere in Arkansas please get serious about financial compensation and call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 for specifics about compensation. Navy Veterans make up the largest work group of people who will be diagnosed with mesothelioma in the USA each year. Financial compensation for a person like this might be in the millions of dollars-depending on the specifics of how they were exposed to asbestos.

"Erik Karst is one of the nation's leading mesothelioma attorneys and he specializes in assisting Navy Veterans who have developed this rare asbestos exposure cancer. Typically, a Navy Veteran who will develop mesothelioma had their primary asbestos exposure on a navy ship, submarine or at a shipyard where their ship or submarine was undergoing repairs. If a family in Arkansas is looking for honest answers for their questions about mesothelioma compensation and what it might be for their Navy Veteran loved one-please call attorney Erik Karst of Karst von Oiste at 800-714-0303. The call to Erik is no obligation." www.karstvonoiste.com/

The Arkansas Mesothelioma Victims Center's services are available to individuals throughout the state of Arkansas such as Little Rock, Fort Smith, Fayetteville, Springdale, Jonesboro, or Pine Bluff.

For the best possible mesothelioma treatment options in Arkansas the Arkansas Mesothelioma Victims Center strongly recommends the following three health care facilities with the offer to help a diagnosed victim, or their family get to the right physicians at each hospital. Winthrop P. Rockefeller Cancer Institute Little Rock, Arkansas: <https://cancer.uams.edu>

Individuals with mesothelioma in the state of Arkansas could have been exposed to asbestos while serving in the US Navy or working at a power plant, at an oil or gas facility, as a plumber, a boiler technician, as an auto repairman, as an electrician, insulator, at a pulp and paper mill or at a construction job site. In most cases, the exposure to asbestos caused mesothelioma at one of these types of workplaces in the 1950's, 1960's, 1970's, or 1980's. Mesothelioma typically takes three to five decades to develop.
