The Advocate says, "We are passionate advocates for Navy Veterans or people who have recently developed lung cancer-and who before 1982 they had significant exposure to asbestos in the navy or at work. Our top priority for a person like this is they get compensated. Sadly, most people who had significant exposure to asbestos in the navy or at work prior to 1982, and who have recently been diagnosed with lung cancer never get compensated because they are unaware the \$30 billion dollar asbestos trust funds were set up for them too.

"If your husband or dad has just been diagnosed with lung cancer and in the 1950s, 1960s, or

1970s, and he had heavy exposure to asbestos in the navy or at work-please call attorney Erik Karst of Karst von Oiste anytime at 800-714-0303 to discuss the possibility of compensation. We think you will be glad you did."
