About Delivery Drop Limited:

DeliveryDrop was founded with one focus: deliver goods from local stores to your door in 30 minutes or less!

We live in a society dominated by convenience. Advances in technology line our lives with incredible efficiency, such as the ability to order instantly from our favourite restaurants and takeaways. Small restaurants that receive fewer customers can now place themselves on food delivery apps to increase their visibility and bring their wonderful produce to a wider audience.

And that's wonderful!

But as a nation, we still need to head out to buy everything else apart from our favourite feasts...
