ABOUT SANTO:

The Company is a vertically integrated blockchain and cryptocurrency development company with corporate subsidiaries in the Socialist Republic of Vietnam and the Republic of Panama, which manages, operates, and develops end-to-end "BaaS" Blockchain-as-a-Service. The company manages, operates, and develops end-to-end "BaaS" Blockchain-as-a-Service, similar to software-as-a-service, blockchain as a service lets businesses get applications up and running with minimal hassle. This allows higher agility and quicker blockchain adoption. Blockchain applications are becoming more and more desirable, but they can be challenging to set up for smaller businesses or organizations with limited IT resources. A blockchain-as-a-service provider can provide professional assistance in addition to their hosting services. Additionally, the Company develops solutions such as smart digital contracts, non-fungible tokens NFTs SKULLYS, digital to physical assets tokenization, eXtended reality, and IoT internet of things for everyday life.
