

Biofuels Market Trends, Leading Players, Production, Present Size And Consumption Figures With Forecast To 2027

Biofuels Market Size – USD 136.20 billion in 2019, Market Growth - CAGR of 7.8%,

VANCOUER, BC, CANADA, January 6, 2022 /EINPresswire.com/ -- The Global [Biofuels Market](#) is expected to reach USD 247.38 Billion by 2027, according to a new report by Emergen Research. The pandemic has severely affected the automotive & transportation industry, and disrupted the supply chain, raw material supplies. The liquidity shortfall and the cash crisis have already affected the sales of the

product. The declining demand for road transport will directly affect the production of biofuel. Due to the reducing international and local demand, numerous biofuel plants have reduced their output. Additionally, many companies are withdrawing their investments, and the government of several countries is cutting down the subsidies provided by them earlier, which are hampering the growth of the industry.

The study relies heavily on both qualitative and quantitative to generate, interpret and analyze raw data about the target market, product or services offered and prominent market players operating in the Biofuels Market for the forecast period, 2019 – 2028 .
