

INTREN, Acquires Fenton, Missouri Based Shade Tree Service Company

Acquisition further enhances vegetation management services to utilities.

UNION, ILLINOIS, UNITED STATES, January 7, 2022 /EINPresswire.com/ -- Specialty contractor, [INTREN](#), today announced its purchase of [Shade Tree Service Company](#), based in Fenton, Missouri. The purchase will allow the company to expand its existing vegetation management services to better serve the needs of its clients throughout the U.S.

With the acquisition, INTREN will apply their expertise in specialty construction learned by successfully managing thousands of cross-disciplinary projects annually to enhance the experience and technologies of Shade Tree's vegetation management services.

"This is an exceptional opportunity for INTREN to blend the people, processes, and technology of two highly respected companies to further enhance our long-term corporate strategy. Our goal in combining these two strong companies is to build a leader in utility solutions that will thrive for decades to come. We are pleased to have Shade Tree as a part of the INTREN family," said Sherina Edwards, President and Chief Executive Office of INTREN.

Since its founding in 1935, Shade Tree's services have grown to include line clearance, tree trimming, herbicide applications and a host of vegetation management services for the electric and telecommunications industries. Commenting on the purchase, Jeff Baker, Director of Operations said, "The future needs new methods to help our nation's growing infrastructure, and alternative power sources. INTREN shares our vision of diversity and has a unified culture of safety and accountability. We could not be more pleased to be part of the company."
