*Ten authors share their talents, capture attention with mystery, humor, spirituality and romance*

NEW YORK CITY, NEW YORK, USA, January 6, 2022  
/EINPresswire.com/ -- American journalist, [Fran Briggs](#) has announced the Best of Winter Reading this season. The annual promotion puts the spotlight on favorite authors from Los Angeles to New York.

"It is an honor to help passionate readers make quality decisions as it pertains to their reading choices - especially considering the innumerable talented authors writing today," stated Briggs. "The Best of Winter Reading list is organized using the book's title, author, publisher, a short synopsis of the publication and a link for additional information and purchase. In every case, the pages will turn quickly."

Briggs' says the rating of each book is not based on generic criteria. Genres include mystery, humor, spirituality and romance.

"The books showcase the author's literary vision through their subject, creativity, impact, originality, influence, and quality," stated Briggs. "This list is not a 'greatest of', but rather best of winter reading. These authors deserve recognition for being distinguished in their genre," she concluded.
