wounded warfighters and other adults with physical disabilities. This is the fourth consecutive year the award-winning calendar has been produced.

"We know the way people view disability is far from reality," said Move United Communications Manager Shuan Butcher. "This calendar was developed to help shift the narrative and redefine what disability looks like."

Move United is the national leader in community adaptive sports, empowering 100,000 youth and adults with disabilities each year to live to their fullest potential. Move United's 200 member organizations in 43 states are united by a single mission: ensuring everyone, regardless of ability, experiences the life-changing power of sport and is fully included in their community.

Move United, an Affiliate of the U.S. Olympic & Paralympic Committee, provides opportunities for individuals with disabilities to become physically and emotionally stronger through participation in 70 adaptive sports. Established in 1956, Move United offers community-based sports recreation, education and competition that push people further, bring people closer and leave no one on the sidelines. Sports make us more—more determined, more powerful, more ourselves. And they show the world what we can do.
