

Jeff Lerner's Online Master Class Increases in Popularity in the United States

The Lerner Institute has so far helped over 150,000 students expand their businesses in a digital world.

ST. GEORGE, UTAH, UNITED STATES, January 7, 2022 /EINPresswire.com/ -- There is no shortage of help for would-be entrepreneurs on the internet these days, and certainly no shortage of online programs and courses to choose from. But there is one institution that, over the past couple of years, has risen above the crowd to attract a lot of attention due to its increasing number of stellar reviews. The [Jeff Lerner Master Class](#) was created specifically to show entrepreneurs how to expand their businesses, and Lerner's popular report, [The Millionaire Shortcut](#), is currently available to download for free.

The report explores the question of why the number of people who become millionaires every year is increasing at a rapid rate. It also shares a simple 'hack' that Lerner uses to shorten the process of becoming a millionaire, and it includes a bonus video that explains how to get started with complete confidence.

Lerner himself has long since established himself as an authority in founding startups. He established ENTRE Institute in 2019 in order to fulfill his dream of providing coaching to

entrepreneurs, and speaks at conferences and industry events on a regular basis, on the topics of entrepreneurship and education. Having spent over ten years creating successful internet businesses with a combined value of over \$100 million, he provides a worthy role model for the students he coaches as he continues to launch new businesses. In 2021, for example, he founded Entresoft, a suite of business tools, which rapidly became one of the most well-known business management software packages available for smaller companies.
